

Teacher Survey of Personal Skills

Name _____

Do you have a computer at home? _____yes _____no

Do you have Internet at home? _____yes _____no

Technology Operations and Concepts					
Please rate your <u>skill level</u> in the following areas:	Very Low	Low	Medium	High	Very High
1. Using a word processing package (ex: Word)					
2. Using spread sheet programs					
3. Using data base programs					
4. Creating multimedia presentations (ex: Powerpoint)					
5. Use a digital camera and related software					
6. Use a scanner					
7. Use e-mail					
8. Searching the internet					
9. Creating a web-pages					
10. File management on the hard drive of a computer					
11. Graphics management					
Planning and Designing Learning Environments and Experiences					
Please rate your <u>frequency of use</u> of the following:					
12. I use the computer to prepare report cards					
13. I use the computer to manage information about my students and their work.					
14. I use the computer to prepare lessons					
15. I find lessons/units on the internet					
16. I take part in educational forums such as listservs on the Internet.					
17. I communicate and share ideas with colleagues using e-mail.					
18. I create web-pages for student's use.					

Teaching, Learning and the Curriculum					
19. My students research assignments using the Internet.					
20. My students communicate with experts through the internet.					
21. My students use word processing programs to create stories and other written work.					
22. My students use e-mail to correspond with other schools.					
23. My students create projects related to curriculum units on the computer.					
24. The computer is used to produce the final draft of students' written work.					
25. My students check their spelling using the computer.					
26. My students practice math skills on the computer.					
27. My students create web-pages					
28. My students create educational CD Roms					
29. My students use the computer for recreation					
30. My students create pictures using a computer graphics program.					
Please rate your <u>level of interest</u> in the following areas:	Very Low	Low	Medium	High	Very High
31. Integrating computer technology into my teaching					
32. Exploring the Internet for personal interest					
33. Finding teaching resources on the Internet					
34. Having students use the Internet for research					
35. Additional training on integrating technology					
36. Help with classroom management when integrating technology					
Please rate your level of satisfaction with:					
37. Previous training/support with available software					
38. Training about the Internet					
39. Support from principal for integrating computer technology					
40. Support from the school board for					

integrating computer technology					
41. Existing computer facilities in the school					
42. Accessibility of computer facilities for my students					
43. Accessibility of computer facilities for myself to use e-mail or explore the Internet					
44. Support with technical difficulties are encountered					
Please rate your <u>level of confidence</u> regarding:					
45. Your ability to integrate computer technology into your teaching					
46. Your use of the internet					
47. Teaching students to use the Internet					
How would you rate <u>the amount of time</u> you have the available					
48. To communicate with colleagues using e-mail					
49. To explore the web for teaching resources					
50. To learn about further integrating computer technology into your teaching.
