

BUSINESS**TUITION FOR CATHOLIC HIGH SCHOOL STUDENTS FROM NON-SUPPORTING PARISHES**

Tuition charged to Catholic students attending Catholic high schools shall be set by the Board of Education of each Catholic high school. The tuition shall be the same for students from supporting and non-supporting parishes and missions within the Diocese of Harrisburg.

A parish contribution will be requested of those parishes that are not supporting parishes and, therefore, are not given an assessment. The contribution from those non-supporting parishes is determined in accord with Policy # 3230. However, the local Board of Education may decrease or waive the amount of subsidy of non-supporting parishes in order to enable and encourage attendance of Catholics at Catholic high schools.

Parishes that have a regular subsidy to a Catholic high school in the diocese are exempt from this policy. These parishes are not obligated and are not to be requested to send a subsidy to another Catholic high school for students who attend a different high school than the one regularly subsidized by the parish.

Tuition charged Catholic students from parishes or missions outside the Diocese of Harrisburg or non-Catholic students shall be set by the Board of Education of each Catholic high school. (Cf. Policy # 3240).
