

**PERSONNEL**

**4141.2**

**SALARY: LAY TEACHERS**

The salary schedule for lay teachers will be determined by the parish or the Board of Education of each individual school. All teachers are to be placed on their proper level according to degree/credits, certification, and experience.

The diocese will provide general benchmarks for the schools to use in constructing their salary scale.

The salary schedule is to indicate the specific salary for each step, including years of experience and professional qualifications.

The school's salary schedule is to be made available to each teacher on staff and any person whom the school is seriously considering for a teaching position in that school.

The Principal of each school is to submit a copy of the salary schedule to the Secretary for Education.

Policy
