

PILOT PROGRAMS

Authorization for piloting any commercially developed text or program must be obtained from the Catholic Schools Department through the Assistant Superintendent for Curriculum Development.

The program being considered should be reviewed according to the textbook adoption criteria of the Diocese of Harrisburg. All teachers who will be piloting the program must complete this review. The criteria forms and a letter of request are submitted no later than April 15th of the year preceding the anticipated program. If permission is granted, the school will submit an evaluation of the strengths and weaknesses of the program after use for three quarters of the year. No program may be piloted without proper authorization.
