

PERSONNEL

CONTINUING EDUCATION FOR C/DRE'S

In order to provide parishioners entrusted to their care with quality catechetical programming, C/DRE's should pursue their own professional and spiritual growth through college courses, conferences, workshops, professional reading and prayer.

Pastors and/or Boards are encouraged to assist C/DRE's with the cost of continuing education.

The parish religious education budget will appropriate funds to cover all diocesan-sponsored conferences and workshops for C/DRE's, and to provide additional funding for other professional meetings when possible.

All coordinators of religious education, religious and lay, must participate in the Diocesan CRE certification process sponsored by the Secretariat for Education.

Policy
