

CONTESTS OR ACTIVITIES FOR STUDENTS

The Superintendent of Schools will occasionally recommend contests or other activities for students because of their educational value and the laudable motives of their sponsors. Any recommended activity should enjoy the cooperation of the schools.

Participation in other contests, such as spelling bees and oratorical contests, sponsored by local newspapers, radio or television stations, and civic organizations may be made available to students, providing the organization's aims are consistent with the teaching of the Church. Participation in any local contest is subject to the discretion of the Principal.
