

SCHOOL LUNCH PROGRAM-STUDENT MEAL CHARGES

Schools participating in the **Federal School Lunch Program** should notify all families of the availability of free and reduced price lunches for their children and encourage those eligible to enroll in the program.

For students on the reduced price meal program and students paying the standard price for meals, the school is to develop a local procedure regarding how payment is processed for the meal service.

Students who participate in the free and reduced meal program should not be identified separately from other students when they receive their meal.

Some reasonable provision should be made for students who forget to bring lunch or forget the payment for meals.

Schools should also adopt and publish their local policy regarding outstanding bills for the student meal program.

Policy Adopted:
July 1, 2019
